Opportunity Funding
Directed Funds for English Learners and Low-Income Students

Application deadline: June 30, 2019

**Purpose:** The Opportunity Funding initiative creates a three-year weighted funding program across the state. Delaware is currently one of only a handful of states without additional funding for English learners (ELs) and/or low-income students (low-income).

**Allocation Method:** Local education agencies (LEAs) will receive $500 per EL and $300 per low-income student. Funding shall be made available to LEAs upon the passage of the FY20 budget in early July so they may begin to hire staff, procure instructional materials, execute contracts for services, and plan for the upcoming school year. LEAs may use this funding for 100 percent of staff costs, including, but not limited to, reading specialists, math specialists, school counselors, school social workers, school psychologists, and other personnel dedicated to initiatives such as trauma-informed practices.

**Accountability:** LEAs will be held accountable to ensure funds are used to improve outcomes for low-income and EL students. Districts and charters will work with Secretary Bunting to set goals at the beginning of the school year, participate in a mid-year progress review, and then evaluate summative performance data during their end of school year conference. Community accountability will be provided in a summit to highlight best practices, in an annual report, and in spotlights showing program successes and challenges across the state.

**Metrics:** Districts and charters will set goals to reduce the gap between English learners', low-income students', and the overall student population's baseline performance rates and 100 percent by half, thus reducing students' non-proficiency by 50 percent.

In addition to the accountability measure data, the Delaware Department of Education (DDOE) will provide support by offering

- Toolkits on evidence-based best practices for improving outcomes for EL and low-income students.
- Guidance for selecting high quality instructional materials.
- Technical support enabling LEAs to take a comprehensive look at their funding streams in order to maximize and coordinate them.
- Professional learning provided by content experts.
- Sharing best practices in a variety of ways including regular meetings with curriculum directors, chiefs/principals, social media and presentations.

DDOE will use a third party to also evaluate

- The effectiveness of funds in improving outcomes for EL and low-income students.
- The successes and challenges/shortcomings of the program, including recommendations for future enhancements.

Results from the first year of funding will be finalized in August 2020. Subsequently, DDOE will host a summit in early fall to share the report and best practices. In late fall 2020, the third-party evaluation will be complete and results will be posted after districts and charters verify them.

Overall Summary

Provide an overall summary of how the Opportunity Funding will be used to improve outcomes for English learners and low-income students in your district or charter school.

*Include an explanation of how the work will impact each target population as well as the rationale for selecting the plan.*

First State Military Academy (FSMA) will focus on setting goals to reduce the gap with our English learners* (LI) and other students. We plan to create a new position with the use of funds, with the school absorbing the remaining costs. The role will specifically focus on low-income and English Learners’ population of students.

The primary focus of the position will be on: improving student academic performance and attendance. The position will monitor and support academic production throughout the school year. He or she will also communicate with families to resolve complications and offer needed support to improve the percentage of performance in the two areas above.

**Duties and Responsibilities**
- Collaborate with school staff to make appropriate linkages to needed academic, physical, or social services to ELL children in need.
- Identify low-income students in the Li cohort who need additional support services and provide specific plans to achieve school success for each of them.
- Identify and coordinate appropriate community resources and facilitate community partnerships in support of students and families in the Li cohort.
- Expand parent/caregiver support and involvement and provide individualized assistance to Li cohort students and families with unique needs.
- Develop an annual plan concluding on whole school initiatives (Tier 1) and targeted and sustained services to identified low-income students (Tier 2 and 3 services) that is aligned with the schoolwide plan.
- Create and manage a mentoring program for Li students.
- Provide feedback to school staff, administration, and other resource agencies involved in collaborative services.
- Provide leadership in securing community resources and collaborative effort.
- Gather, analyze, and organize Li cohort student and family data for individual and programmatic evaluation.
- Participate in Title I meetings as a team member.
- Train and administer WIDA.
- Create individual learning plans for all ELL students and students identified in the Opportunity Funding cohort.
- Keep timely records of all student interaction.
- Keep a weekly timesheet to track time and effort for data and funding tracking.
- Report directly to the Director of Instruction & Student Services.

Application deadline: June 30, 2019
Investment and Goals

Provide additional detail about the plan in the chart below by listing each Opportunity Funding investment with its associated cost and proposed impact. For each investment, include baseline data and numeric targets to measure impact. A state budget sheet will be completed by the district after the plan has been approved.
