Purpose: The Opportunity Funding directed to mental health services provides $5.0 million in FY20, $2.5 million in HB 225 (Annual Appropriations Act) and $2.5 million authorized in HB 226 (One-Time Supplemental). With a total supplemental amount of $7.5 million over three years, the total amount will be $15 million contingent on future appropriations.

This funding shall be used by school districts and charter schools for mental health services in the form of school counselors, school social workers or licensed clinical social workers, school psychologists, and/or for additional reading supports for grades K-5. Services may include the employment of staff, where such funding may be used to cover 100 percent of personnel costs on a 10 to 12-month basis and/or contracted services.

This funding is allocated separately from the directed funds for English learners and low-income students.

### Overall summary

1. **What will you do to offer mental health supports specifically to low-income and English language learners?**

   The mental health professionals will provide direct services to students in schools in addition to providing support to school teams on student problem solving. Research has provided evidence of direct correlation between poverty and immigration status and individual mental health risk. Building LCSW’s into existing school systems will improve mental health awareness and support available to all students; however, the greatest focus of direct services will be to serve students with low socio-economic status, students who have experienced trauma, students experiencing homelessness, and ESL students from immigrant families. The LCSW’s will work with families, students, staff and administration to provide the tools for successful mental health and connecting them to supports that will help the students be proficient and productive in the school setting.

2. **How will the funding also assist students not in those two subgroups?**

   While the two subgroups are targeted, the LCSW will have access to all students and families on an as need basis. As a district/school employee, the LCSW will be embedded in the school culture. The LCSW will be a member of the Tier 2 and Tier 3 intervention teams. The LCSW can also provide coaching to classroom teachers, engage families to support school initiatives, perform home visits, and consult with administration on complex cases.

3. **What kind of specialist are you hiring (school counselor, school social worker, licensed clinical social worker or school psychologist)?**

   Licensed Clinical Social Worker

4. **Are you using this money for additional reading supports in addition to mental health services? If so, what types of services will be provided?**

   Not at this time.
5. Is this money being used to contract services?
   YES ☐ NO ☑

6. Please provide a copy of your expenditure plan.
   100% of the funds will be used for hiring a full time employee with benefits.
