TO: HEADS OF ALL STATE DEPARTMENTS AND AGENCIES
RE: AUTHORIZING STATE AGENCIES TO EXPAND ACCESS TO CHILD CARE

WHEREAS, as of 8:00 a.m. E.S.T. on March 13, 2020, the Governor declared a State of Emergency due to the public health threat of COVID-19; and

WHEREAS, providers of health care, emergency medical services, law enforcement, and other essential state services may need child care services for their children when schools and/or child care centers are closed; and

WHEREAS, to expand the capacity for child care services, it will be necessary to suspend certain state child care regulations; and

WHEREAS, it is vital to protect the public health, welfare and safety of children and families to suspend the effect of state statutes, rules or regulations regarding the provision of child care services; and

WHEREAS, it is also necessary to control the occupancy and use of facilities and premises, and authorize the use of private property, to provide child care and other temporary accommodations for children while the state faces the public health threat caused by COVID-19; and

WHEREAS, in the interests of protecting the citizens of this state from the public health threat caused by COVID-19, the Governor is authorized to take such action as the Governor reasonably believes necessary to help maintain life, health, property or public peace in this state, including suspending the provisions of any state regulatory statute prescribing the procedures for licensing child care centers where strict compliance with the statute may hinder necessary action in coping with the public health threat caused by COVID-19.

NOW, THEREFORE, I, JOHN C. CARNEY, by virtue of the authority vested in me as Governor of the State of Delaware, do hereby DECLARE and ORDER the following:
1. The Secretary of the Department of Services for Children, Youth & Their Families (DSCYF), in consultation with the Department of Health and Social Services’ Division of Public Health (DPH), may, upon a finding that suspension or modification will not endanger the public health, safety, welfare, or public peace of this state, suspend or modify the effect of any or all of the provisions of the state’s child care rules and regulations, prescribed by DSCYF’s Office of Child Care Licensing (OCCL) for the following:
   a. Operational requirements:
      i.       ii. 2. If after suspending or modifying the effect of any or all of the provisions within the regulations described in 1. above, the Secretary of DSCYF determines that there continues to be insufficient availability of child care in the state, the Secretary of DSCYF may, to increase capacity, and upon a finding that the suspension or modification will not endanger the public health, safety, welfare, or public peace of this state, further suspend or modify any regulations set forth in OCCL’s DELACARE Manual – Regulations for Family and Large Family Child Care Homes, and any regulations set forth in OCCL’s DELACARE Manual - Regulations for Early Care and Education and School-Age Centers.
3. The Secretary of DSCYF shall issue guidelines to implement the suspension or modification of child care regulations.

4. To the extent necessary to allow for child care approved by the Secretary of DSCYF, and upon a finding that the suspension or modification will not endanger the public health, safety, welfare, or public peace of this state, any unit of state or local government shall, after consulting with the Secretary of DSCYF, suspend or modify the force and effect of statutes, rules or regulations that it administers or enforces relating to the following:

6. This Order shall remain in effect until after the state of emergency has been rescinded, or until this Executive Order is rescinded, superseded, amended or revised by additional orders.

APPROVED this __th day of March 2020.
