The reader, speaker, or singer must put the face covering back on and use hand sanitizer immediately after speaking, reading, or singing.~~

B. INDIVIDUAL OBLIGATIONS OF SOCIAL DISTANCING AND TRANSMISSION REDUCTION DURING PHASE 2:

1. Effective June 15, 2020, at 8:00 a.m. E.D.T., Paragraphs B.1, B.2., and B.3. of the Twentieth Modification related to individual obligations of social distancing and transmission reduction during Phase 1 are hereby stricken and replaced with this Twenty-First Modification and Delaware's Phase 2 Reopen Plan, including any subsequent amendments thereto. While in the State of Delaware, all individuals must follow the Phase 2 Reopen Plan "General Guidance: Individuals" to promote social distancing and reduce transmission of COVID-19.

2. For the purposes of this Twenty-First Modification, “Minimum Social Distancing Requirements” means maintaining at least six (6) foot social distancing from any individual who is not a member of the same household or a caregiver to someone in that household, washing hands with soap and water for at least twenty (20) seconds as frequently as possible or using hand sanitizer composed of at least sixty percent (60%) ethanol or seventy percent (70%) isopropanol, covering coughs or sneezes with something other than one’s hands (e.g., elbow, handkerchief), regularly cleaning high-touch surfaces, and not shaking hands.
3. Individuals leaving their residence for work or other activities are advised to take the following steps to reduce transmission of COVID-19:
 - a. Individuals who are not part of the same household are expected to remain at least six (6) feet apart to the greatest extent possible and are encouraged to maintain greater physical distance whenever possible.
 - b. Wear a cloth face covering as required by the Thirteenth Modification when inside a retail establishment, such as grocery stores, pharmacies, or other public-serving businesses, or in the workplace where coming within six (6) feet of other staff is likely. A face covering must also be worn outdoors when it is not possible to maintain at least six (6) feet social distancing from other people, except for members from the same household.
 - c. Carry hand sanitizer and use it frequently.
 - d. Wash hands using soap and water for at least twenty (20) seconds as frequently as possible.
 - e. Regularly clean high-touch surfaces such as steering wheels, wallets, and phones.
 - f. Stay at home if sick.
 - g. Avoid or minimize leisure and non-essential work travel.
4. All vulnerable individuals, including those at high risk of severe illness from COVID-19, are strongly advised to continue to shelter in place. Members of households with vulnerable residents should be aware that by returning to work or other environments where distancing is not practical, they could carry COVID-19 home. Precautions should be taken to isolate oneself from vulnerable individuals.

C. SOCIAL GATHERINGS AND EVENTS IN PHASE 2: Effective June 15, 2020, at 8:00 a.m. E.D.T., Section C of the Twentieth Modification to the COVID-19 State of Emergency declaration regarding gatherings is hereby stricken and replaced with the following:

1. Phase 2 Businesses and Activities: Businesses and activities provided with specific industry guidance in Phase 2 (e.g. restaurants, casinos, hotels, convention centers, houses of worship, pools, youth sports, etc.) are excluded from the gathering requirements in Paragraphs 2 and 3 of this section, provided however, that they must comply with the stated fire occupancy requirements set forth herein (e.g. 30% or 60% (excluding staff)) and all applicable restrictions on such businesses and activities as set forth in this Modification, the Phase 2 Reopen Plan, or other applicable Division of Public Health (“DPH”) guidance.
2. Gatherings/Events up to 250 people: All gatherings or events held in parks and recreation facilities or at facilities without a stated fire code occupancy, shall comply with the gathering requirements set forth by this Twenty-First Modification. Gatherings or events of up to two hundred and fifty (250) people (e.g. weddings and receptions, graduations, funerals, etc.) are permitted in Phase 2 under the following conditions:
 - a. Hosts of gatherings or events should take steps to protect vulnerable populations, including by providing materials and equipment necessary for proper hand hygiene, enforcing social distancing, and requiring the use of face coverings.
 - b. Venues interested in holding a gathering or event of up to two hundred and fifty (250) people must have a mechanism for limiting attendance, enforcing social distancing between attendees and complying with paragraphs 4-6 of the Thirteenth Modification to the COVID-19 State of Emergency declaration relating to providing face coverings for employees and signage about the use of face coverings for guests. For any indoor gathering, hosts should calculate usable capacity at thirty (30) square feet per person up to a maximum of 250 individuals.
 - c. Any food service, including by catering services and their staff, must operate within the parameters prescribed for Food and Drink Establishments in this Twenty-First Modification to the State of Emergency and the Phase 2 Reopen Plan. Buffet-style, family-style, and any other self-service food may reopen if the facility assigns dedicated staff to distribute food, and any customers at the buffet are socially

distanced from others who are not of the same household. Self-serve beverage service may also resume in Phase 2.

- d. Concessions selling only pre-packaged food must deliver food directly to seated customers or ensure social distancing in lines. They should facilitate contactless transactions as often as possible.
 - e. Individuals must wear cloth face coverings in accordance with the requirements of the Thirteenth Modification to the COVID-19 State of Emergency declaration, and any amendments thereto.
 - f. Individuals who are not part of the same household are expected to remain at least six (6) feet apart to the greatest extent possible and are encouraged to maintain greater physical distance whenever possible.
 - g. Individuals must stay home when sick.

 - k. Sharing microphones is prohibited. All microphones, whether they be self-standing in holders, handheld or lapel style must be sanitized after each use.
 - l. The gathering or event must comply with all other applicable state, county and local laws for gatherings and events.
3. Gatherings/Events over 250 people: According to the CDC, gatherings of more than two hundred and fifty (250) people offer more opportunities for person-to-person contact and therefore pose greater risk of COVID-19 transmission. Social, community, recreational, and leisure events of more than two hundred and fifty (250) people (“large gatherings and events”), including but not limited to weddings, concerts, parades, festivals, conventions, fundraisers, sporting events and fairs, are hereby prohibited at all locations and venues, except that hosts of large gatherings and events may apply to host a large gathering or event by submitting a plan to covid19faq@delaware.gov at least seven (7) days prior to the anticipated event. Outdoor gatherings and events pose a lower risk of infection and are strongly encouraged. Plan approval is at the discretion of the Division of Small Business which, in consultation with DPH, will consider how

to prevent, reduce the spread of, and suppress COVID-19 at any gathering or event permitted under this Modification. At a minimum, the plan must meet the following requirements:

- a. The plan must show a strict adherence to guidelines in Paragraph 2 of this section: “Gatherings/Events up to 250 People.”
 - b. The plan must consider information regarding the number of people attending who are at greater risk of more serious illness after contracting COVID-19. Older adults and persons with pre-existing health conditions are thought to be at increased risk.
 - c. The plan must consider information regarding the density of attendees within a confined area. Based on what is currently known about the virus, spread from person-to-person happens most frequently among close contacts, meaning individuals who are within six (6) feet of each other for ten (10) minutes or more.
 - d. The plan must contain information regarding enforcement of social distancing.
 - e. The plan must consider information regarding the level of transmission in the local community and the level of transmission in the areas from which attendees will travel. That information can be obtained from the two sites listed here:
 1. View Delaware data from DPH available at <https://myhealthycommunity.dhss.delaware.gov>.
 2. View national data from CDC available at <https://www.cdc.gov/covid-data-tracker/index.html>.
 - f. The plan must consider local traffic patterns and parking capacity needs.
 - g. The plan must follow all requirements for Food and Drink Establishments outlined in the Phase 2 Reopen Plan, including but not limited to maintaining social distancing between individuals from different households if food or drink is served.
 - h. The gathering or event must comply with all other applicable state, county and local laws for gatherings and events.
4. Graduation Events. A school district or charter school may apply to host a large gathering or event by submitting a plan to Secretary of Education Susan Bunting at susan.bunting@doe.k12.de.us at least seven (7) days prior to the anticipated event. A school district or charter school holding an outdoor gathering or event must also comply with any guidance posted by the Department of Education. Plan approval is at the discretion of the Department of Education, which in consultation with DPH, will consider how to prevent, reduce the spread of, and suppress COVID-19 in relation to the gathering. Non-public schools may apply to host a large gathering or event by submitting a plan to the Department of State at covid19faq@delaware.gov at least seven (7) days prior to the anticipated event.
