EDUCATION INVESTMENTS

• More than double funding for Opportunity Funding to $60 million annually by Fiscal Year 2025, and make the weighted funding program permanent.

• Funding will increase with enrollment beyond 2025.
EDUCATION INVESTMENTS

• **Double funding for the Early Childhood Assistance Program (ECAP)** to expand access to affordable early education.

• Provide full funding for **K-3 basic special education**.

• Provide additional funding for **teacher recruitment and retention** in high-needs schools.

Planning scenarios

- **Green**
  - Minimal Community Spread
  - Schools are open for in-person instruction

- **Yellow**
  - Minimal-to-Moderate Community Spread
  - Schools may use a hybrid model of remote learning and in-person learning options with precautions in place.

- **Red**
  - Significant Community Spread
  - School buildings are closed – remote learning only.

Social and family gatherings remain a significant concern for transmission risk

20 relatives attended a family gathering, including a teen exposed to COVID-19 before the trip

14 relatives shared a house
- Didn’t stay 6 feet apart
- Didn’t wear masks
- 11 relatives of teen developed COVID-19

6 relatives visited but didn’t stay in the house
- Stayed 6 feet apart
- Visited outside
- 4 were tested; all tested negative
- None developed symptoms

Prevent spread of COVID-19 while visiting family and friends
- Stay 6 feet from others
- Wear masks
- Stay outside
- Avoid gatherings where it’s not possible to stay 6 feet apart
COVID-19 Vaccine Planning

• First draft of Delaware’s overview for the CDC Vaccination Program Interim Playbook for Jurisdiction Operations is due to CDC on Friday.

• There are still many unknowns.
  ▪ We have spent months planning for various scenarios.

• We will provide regular updates during press briefings as plans move forward.
COVID-19 Vaccine Planning

PLANNING PROCESS:
• Share draft with CDC
• Receive more definitive strategies from federal government
• Invite external partners to participate

• Delaware will not distribute a vaccine that is not shown to be safe and that has not gone through FDA approval or EUA process.
