Office of the Secretary

Statutory Authority: 14 Del. C. §§122(b)(2) & 3003A, 29 Del. C. §10119 (14 Del. C. §122(b)(2), 14 Del. C. §3003A, 29 Del. C. §10119)

EMERGENCY ORDER

14 DE Admin. Code 815 Health Examinations and Screening

AUTHORITY

Pursuant to 14 Del. C. § 122(b)(2), 14 Del. C. §3003A, and 29 Del. C. §10119, the Department of Education (“Department”) is adopting emergency regulatory amendments to 14 DE Admin. Code 815 Health Examinations and Screening. Additionally, 29 Del. C. §10119 authorizes the Department to adopt emergency regulations where an agency determines that an imminent peril to the public health, safety or welfare requires the amendment of a regulation with less than the notice required by 29 Del. C. §10115. Moreover, 14 Del. C. §122(b)(2) authorizes the Department to prescribe rules and regulations governing the physical inspection of and the protection of the health and physical welfare of public school students in the State. Also, 14 Del. C. §3003A(c), authorizes the Department’s Office of Child Care Licensing to prescribe, by regulation or otherwise, any reasonable standards for the conduct of child care as defined in 14 Del. C. §3002A(1).

REASON FOR THE EMERGENCY ORDER

Evidence has shown that children do better when they are able to attend school full time, in person. While the youngest students in Delaware are unable to get vaccinated against COVID-19, the best way to mitigate the spread of the virus is through a tiered strategy that combines encouraging vaccination with additional steps including continued mask usage.

Delaware’s tiered approach is a comprehensive infection control and prevention program based upon guidance from the Centers for Disease Controls and Prevention. Effective implementation of multiple strategies is imperative to prevent or significantly decrease transmission of COVID-19 and other infections within schools and child care facilities. The Centers for Disease Control and Prevention have recently issued guidance that mask usage should be universal in K-12 schools, for all students, staff, and visitors. The Centers for Disease Control and Prevention have recently issued guidance for operating early care and education programs, or child care programs, which states in part masks should be worn indoors by all individuals (ages 2 and older) who are not fully vaccinated.

While the availability of COVID-19 vaccines has helped to mitigate some of the risk, health and safety protocols must continue, especially for those who are unable to be vaccinated. The addition of mask use and other steps, while continuing to work towards increasing the vaccinated population in Delaware is imperative to mitigate this public health risk.

The August 12, 2021 Emergency Order contained language that was inadvertently broad and resulted in requirements that were not intended. For that reason, the Emergency Order dated August 12, 2021 is hereby repealed in its entirety and replaced with this Emergency Order.

EFFECTIVE DATE OF ORDER

Accordingly, it is hereby ordered, that 14 DE Admin. Code 815 Health Examinations and Screening, is amended by adding Section 6.0 which requires certain facilities to require masks. The regulation is temporarily modified by making deletions as shown by strikethrough and insertions as shown by underline as follows:
