Office of the Secretary

Statutory Authority: 14 Del. C. § 3003A and 29 Del. C. § 10119 (14 Del. C. § 122(b)(2), 14 Del. C. § 3003A, 29 Del. C. § 10119)

EMERGENCY ORDER

14 DE Admin C. § 933 DELACARE: Regulations for Early Care and Education and School-Age Centers

AUTHORITY

Pursuant to 14 Del. C. § 3003A and 29 Del. C. § 10119, the Department of Education ("Department") is adopting emergency regulatory amendments to 14 DE Admin C. § 933 DELACARE: Regulations for Early Care and Education and School-Age Centers. Additionally, 29 Del. C. § 10119 authorizes the Department to adopt emergency regulations where an agency determines that an imminent peril to the public health, safety or welfare requires the amendment of a regulation with less than the notice required by 29 Del. C. § 10115. Also, 14 Del. C. § 3003A(c), authorizes the Department's Office of Child Care Licensing to prescribe, by regulation or otherwise, any reasonable standards for the conduct of child care as defined in 14 Del. C. § 3002A(1).

REASON FOR THE EMERGENCY ORDER

Evidence has shown that children do better when they are able to attend school full time, in person. While the youngest students in Delaware are unable to get vaccinated against COVID-19, the best way to mitigate the spread of the virus is through a tiered strategy that combines encouraging vaccination with additional steps including continued mask usage.

Delaware's tiered approach is a comprehensive infection control and prevention program based upon guidance from the Centers for Disease Controls and Prevention. Effective implementation of multiple strategies is imperative to prevent or significantly decrease transmission of COVID-19 and other infections within schools and child care facilities. The Centers for Disease Control and Prevention have recently issued guidance for operating early care and education programs, or child care programs, which states in part masks should be worn indoors by all individuals (ages 2 and older) who are not fully vaccinated.

While the availability of COVID-19 vaccines has helped to mitigate some of the risk, health and safety protocols must continue, especially for those who are unable to be vaccinated. The addition of mask use and other steps, while continuing to work towards increasing the vaccinated population in Delaware is imperative to mitigate this public health risk.

EFFECTIVE DATE OF ORDER

Accordingly, it is hereby ordered, that 14 DE Admin. C. § 933 DELACARE: Regulations for Early Care and Education and School-Age Centers is amended by adding Section 5.3 which requires certain facilities to recommend or require masks. The regulation is temporarily modified by making deletions as shown by strike through and insertions as shown by underline as follows:

- 5.3.2 Persons who have a medical condition or disability that prevents that person from wearing a mask can request a reasonable accommodation from the child care facility.

- 5.3.5 In addition to mask requirements in subsection 5.3.1, all child care facilities shall follow CDC Guidelines for COVID-19 Prevention in early care and education programs or child care programs.

This Emergency Order shall take effect on August 15, 2021 and shall remain in effect for 120 days. At the expiration of 120 days, the Department may choose to renew this Emergency Order once for a period not exceeding 60 days, consistent with 29 **Del.C.** § 10119(3).
