

EMERGENCY SECRETARY'S ORDER

Pursuant to 16 Del.C. §1119C and 29 Del.C. §10119

16 DE Admin. Code 3335 Office-Based Surgery

AUTHORITY

Pursuant to 16 **Del.C. §1119C** and 29 **Del.C. §10119**, the Department of Health and Social Services (“Department”) is adopting emergency regulatory amendments to 16 **DE Admin. Code 3335 Office-Based Surgery**. Additionally, 29 **Del.C. §10119** authorizes the Department to adopt emergency regulations where an agency determines that an imminent peril to the public health, safety or welfare requires the amendment of a regulation with less than the notice required by 29 **Del.C. §10115**. Moreover, 16 **Del.C. §1119C** authorizes the Department to adopt, amend, repeal, or issue regulations for office-based surgery.

REASON FOR THE EMERGENCY ORDER

Rapid and widespread transmission of COVID-19 has significantly impacted many vulnerable individuals receiving healthcare services throughout the community.

While the availability of COVID-19 vaccines has helped to mitigate some of the risk, health and safety protocols must continue. To protect our most vulnerable citizens from COVID-19, a comprehensive infection control and prevention program based upon guidance from the Centers for Disease Controls and Prevention and other nationally recognized sources is imperative to prevent or significantly decrease transmission of COVID-19 and other infections. In addition, office-based surgery staff must either provide evidence of COVID-19 vaccination, or undergo regular testing to prevent the transmission of COVID-19. While the state’s requirements will offer employees the choice between getting vaccinated or getting tested, employers should encourage vaccination and federal guidance permits employers to require vaccinations.

EFFECTIVE DATE OF ORDER

It is hereby ordered, that 16 **DE Admin. Code 3335 Office-Based Surgery**, specifically, Section 5.0 which expands the infection prevention and control program requirements, is temporarily modified as shown by underline as follows:
